**RESPONSE TO NOTICE TO COMPLY ... SEQUENCE DISCLOSURES**

Sir:

This communication responds to the Notice regarding a *bona fide* nonresponsive amendment mailed 17 June 2004, setting a one month period for response. A petition to extend the period for response by four months, to and including 17 November 2004, accompanies this reply. Accordingly, this reply is timely filed.

The basis for the Notice was a noncompliant sequence listing under 37 C.F.R. § 1.821 *et seq.* A copy of the "Notice to Comply ..." supplied with the examiner's communication accompanies this response.

Please amend the application by substituting the attached paper-copy sequence listing for the sequence listing filed on 30 March 2004. The sequences in the new sequence listing are identical to the sequences in the application as filed. This amendment adds no new matter.

A computer-readable copy of the attached sequence listing is filed herewith on compact disc. In compliance with 37 C.F.R. § 1.821(e), the undersigned states that the paper and computer-readable copies of the sequence listing are identical.

Applicant believes that the application is in condition for examination on the merits and requests favorable and prompt action.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "David L. Fitzgerald", written over a horizontal line.
